

SHELIZA WANJIRU

FRONT-END DEVELOPER

PROFESSIONAL PROFILE

I Sheliza is a self-motivated student at AkiraChix, pursuing a Diploma in Information Technology. She has intermediate skills in JavaScript, Kotlin, Python and HTML/CSS. She has done some project to put into practice the knowledge she has gained so far. She is currently looking for an internship position where she will be able to progress her skills, learn more about the industry and use her skills to assist your organisation to achieve its mission and vision. Her eventual career goal is to become a fully qualified and experienced Front-End Developer.

EDUCATION BACKGROUND

AkiraChix: Feb 2020 ongoing
Diploma in Information Technology
